00:00 CUT / STORY / RHYTHM

01 ABOUT ME

I'm still early in my career, but not when it comes to experience. Counting my two years of experience is like looking at a footage bank. Look a little closer, and you'll find there's more than one story waiting to be cut.

I've learnt that the best work comes from being curious, paying attention, and never settling for the first idea. I'm always looking for new ways to do things, new skills to pick up, and new ways to make the work better than where it started.

03 MY EDITING PHILOSOPHY

THE BEAT IS WHERE THE STORYTELLING STARTS.

The right cut can change the energy of a moment, just like the right pause can change the feeling of a scene. I pay attention to the music, movement, expressions, and little details that make a sequence feel natural.

I like my edits to have a rhythm of their own. Sometimes fast, sometimes slow, but never without a reason.
